

## 8th Grade Summer Bible Project 2025 -2026

This summer, we will be focusing on the book of Psalms. The book of Psalms is a collection of prayers and worship songs of the Hebrew people. They were sung in both the Old and New Testament times. The Psalms are significant in that they deal with many of the same problems and situations we find ourselves in today. They teach us how to talk to God and to rely on Him when things don't make sense. The Psalms have encouraged me and strengthened my faith many times and I pray that they can do the same for you. I have collected a few of my favorites for you to read and meditate on over the summer. You will read the Scripture passage (KJV), and answer a few questions about each one.

### **Instructions:**

Each week, read through the listed passage in KJV. Write out the questions and answer each one in a notebook. 1-2 sentences minimum for each question. Include pictures or drawings that are relevant to the Scripture for the week. I have attached a rubric that explains how I will be grading the assignment.
